If may have been among the girls, While in the dance's giddy whiris, Among the wealth of fashlon's pearls "Fve made a fool of myself!"

Or in the graver walks of life, while mingling in some greater strife, When plans of gain, not love, were rife-"I've made a fool of myself!"

n love or gain, in peace or war, n musing of life's battle o'er, ve must exciaim, with memory sore— "I've made a fool of myself!" Experience ever teaches best; So let the memory stir the breast That time to come may not sogges "I've made a fool of myself!"

Lack of space forbids detailing the almost endless list of these conditions. Or. Miner's treatment is most effectual. Can refer to many cases in this place, and cordially invites the afflicted to consult him.

No harsh treatment; no trifling; no flattery; candid in our opinions and reasonable in our charges. From the fact that jealous and dishonestly disposed parties have opposed us, making statements to the public that owing to the rigid laws of Illinois regulating the practice of medicine, we had to fly to other States, because we were not a regular physician, we publish the following lefters which can best satisfy the public of

OUR STANDING. BOWLING GREEN, Ky., June 23, 1879.
County Clerk, Esq., Cook Co., Chicago, Ill.
DEAR SIR—As there is a dispute regarding Dr. C: A. Miner, from Chicago, being a regular physician and not having a certificate from the State Board of Health authorizing him to pursue the practice of medicine in the State of Hillinois, I am solicited to write you and ascertain the facts. Clark A. Miner, M. D., claims he is a regular physician; has complied with all the requirements of the State Board of Health; that he holds certificate of graduation No. 224, recorded in your office June 15, 1878, book 1, certificate page 29. Please answer if Dr. Miner's statement is correct.

C. E. GRANT,
Clerk Morehead House.

CHICAGO, Ill., June 25, 1879. DEAR SIR—In answer to your inquiry of 23d inst., I would say that the statement of Dr. Clark A. Miner is correct in every particular. As the State Board of Health issue their certificates of this class only upon personal inspection of the diploma entiting the party to the M. D., there can be no doubt as to the Doctor being in possession of it.

Yours respectfully. Yours respectfully, E. F. C. KLOKKE, County Clerk.

Impure Bl-Carb Soda is of a slightly dirty white color. It may appear white, examined by itself, but a COMPARISON WITH CHURCH & CO.'S "ARM AND HAMMER" BRAND Will show the difference. A simple but severe test of the comparative value of different brands of Soda is to dissolve a dessert spoonful of each kind with about a pint of water (hot preferred) in clear glasses, stirring until all is thoroughly dissolved. The deletations insoluble matter in the inferior Soda will be shown after settling some twenty minutes or scooner, by the milky appearance of the solution and the quantity of floating flocky matter according to quality.
